## VINEYARD

Edna Valley

Edna Valley is the coolest growing region in all of California at a mere 5.4 miles from the Pacific Ocean. The ocean’s influence creates an unusually long growing season and allows the fruit in these vineyards to ripen to its full flavor while preserving its trademark lively acidity. In short, the Edna Valley is one of the best places on earth for growing pure, vibrant white wine grapes.

## TASTING NOTES

The 2023 CRU Winery Edna Valley Albariño is a lovely example of how aging in stainless steel tanks brings out the true essence of this wine. The fermentation enhances the natural fresh fruit characteristics, intensifying the zingy flavors of peach, apricot and stone fruit. Bright acidity is prevalent throughout and beautifully balanced with notes lemon zest, nectarine and honeysuckle with a hint of minerality on the finish.

Albariño is a perfect companion to seafood. Try it with citrus grilled shrimp or lightly seasoned tilapia.
